

DW-38NCB Single-head hydraulic bending machine

Technical Parameter:

Max bending capacity:	38mm X 2mm
Bending radius:	25-250mm
Diameter of mandrel:	40mm
Max bending angle:	205 degree
The length of mandrel:	1760mm
Working height:	950mm
Bending accuracy:	0.3 degree/ s
Bending speed:	50degree/ s
Power of motor:	4kw
Pressure:	380±10%
Frequency:	50±1
Working Pressure:	120bar
Measure:	2400x700x1200mm
Weight:	700kg
