

Cutting Pressure 300 Mpa Waterjet

Intensifier High Pressure Side	Made by China
Intensifier Low Pressure Side	Made by China
Accumlater Cylinder	2 layers Made by China
Hydraulic Pump	flow Rate 63 L/Min
Cutting Head	Made by China
Main Power	22 Kw
Cutting Profromance	50 mm thick solid Steel, Good for Glass(up to 55mm)

Cutting Pressure 320 Mpa Waterjet

Intensifier High Pressure Side	Made by USA
Intensifier Low Pressure Side	Made by China
Accumlater Cylinder	2 layers Made by China
Hydraulic Pump	flow Rate 63 L/Min
Cutting Head	Made by China
Main Power	22 Kw
Cutting Profromance	60 mm thick solid Steel, Good for Glass(up to 60mm)

Cutting Pressure 380 Mpa Waterjet

Intensifier High Pressure Side	Made by USA
Intensifier Low Pressure Side	Made by USA
Accumlater Cylinder	3 layers Made by China
Hydraulic Pump	flow Rate 80 L/Min
Cutting Head	Made by USA
Main Power	30 Kw
Cutting Profromance	90 mm thick solid Steel, Good for Steel

Cutting Pressure 420 Mpa Waterjet

Intensifier High Pressure Side	Made by USA
Intensifier Low Pressure Side	Made by USA
Accumlater Cylinder	3 Layers Made by China
Hydraulic Pump	flow Rate 80 L/Min
Cutting Head	Made by USA
Main Power	30 Kw
Cutting Profromance	100 mm thick solid Steel, Good for Steel
